2. Do Activity-1 in Revision Booklet.
3. Do Ch. – 1 (KNOWING OUR NUMBERS), Ch.- 2 (WHOLE NUMBERS), Ch.- 4 (BASIC GEOMETRICAL IDEAS) in Revision Booklet.
4. Revise all examples covered till date.
 - Students interested to appear for Asset Mathematics Olympiad need to prepare for Mathematics course of their previous class.
 - The Asset Mathematics Olympiad will be held in the month of August 2018.

SCIENCE

Be a Water Detective

Water, water everywhere

Not any drop to drink!

Water is a precious resource but due to various human activities, there is scarcity of water. Let's join hands to conserve water and become water detectives.

Task:

- Prepare a case study of 5 water bills of 5 families including yourself in your area.
- In which activities /areas excess water is getting used up?
- What steps are being taken to check for wastage of water?

SOCIAL SCIENCE

Waste Management

Comparison between waste management practices in rural and urban areas.

(Including the information about types of waste produced in rural and urban areas)

Note: Use A4 size coloured sheets.
