  - The Asset Mathematics Olympiad will be held in the month of August 2018.

# SCIENCE

Zero Waste, Zero Hunger

We are all blessed to have a plate full of food on our table every time we are hungry. The abundance of food, sometimes make us ignorant and we knowingly or unknowingly start wasting food.

This assignment aims at making you aware of importance of food and to make you understand that the less you waste, the more it is available for the under-privileged.

## **INSTRUCTIONS:**

1. Proforma-I has to be filled on an everyday basis. If you feel that there is no food that is being wasted, then specify how the leftover food is being used.
2. Once the proforma is filled, write a brief note on steps being taken to curb the wastage of food.
3. Fill Proforma-II for the given period of time.
4. Analyse the change brought about by the steps taken and prepare a write up.
5. **Proforma I and II** for this activity has been uploaded along with the home work.

## SOCIAL SCIENCE

Let your mind work wonders with ideas:-

“Learn, Research, Relearn”

Make a project on mitigation and preparedness measures to be taken with regard to any one of hazards, taking help of the guidelines given for each -
