

Hike mountains, run through meadows
Explore forests, swim in the sea
Climb trees, breathe the wild air
Gaze at the stars, it is summer time!

Dear Parents,

As parents, it is important to invest your time with your children now. Enjoy their childhood as in a few years from now they'll be all grown up and on their own!

To cherish these moments, here's a list of suggested activities which you can enjoy with your children:

- Share stories about your childhood and your family history.
- Take at least two meals together with your children. Ask them not to waste their food and explain to them, the importance of the hard work the farmers do to grow food.
- Allow them to help you in the kitchen or other household chores. Children learn dignity of labour from such activities.
- Allow your children to read as many age-appropriate story books, as possible.
- Keep your children's screen time limited. Screens include T.V., mobile phones, computers and other electronic gadgets.
- Avoid giving junk food like chocolates, jellies, cakes, wafers, aerated drinks, fried stuff. Cultivate a healthy eating habit among your children.
- Guide them to complete the holiday homework.

# Make the most of the summer break and enjoy this time with your children.

Regards

Headmistress
